Transnational Business Governance Interactions

ADVANCING MARGINALIZED ACTORS
AND ENHANCING REGULATORY QUALITY

From agriculture to sport and from climate change to indigenous rights, transnational regulatory regimes and actors are multiplying and interacting with poorly understood results. This interdisciplinary book investigates whether, how and by whom transnational business governance interactions (TBGIs) can be harnessed to improve the quality of transnational regulation and advance the interests of marginalized actors.

Reception at 4:30 pm followed by Remarks at 5:00 pm by:
