BOOK LAUNCH

From Ideas to Action, Governance Paths to Net Zero, by Janis Sarra [Oxford University Press]

Tuesday January 19, 12:45 to 1:45 PST [REGISTER HERE](#)

Janis Sarra's new book offers insights for companies and institutional investors on the legal, governance, and financial strategies needed for effective climate mitigation and financial sustainability. It takes the reader from ideas to action, from first steps to more meaningful contribution to a net-zero circular economy. It can serve as a helpful guide to everyone implicated in a corporation's activities - employees, pensioners, consumers, lenders, policymakers, and community members. It examines what we should be expecting, and asking, of these fiduciaries who have taken responsibility for effectively managing our savings, our retirement funds, our investments, and our tax dollars.
